

Covast Corporate Profile

Founded

1996: Rotterdam, The Netherlands

Market Position

Covast offers a suite of products designed to facilitate fast, cost-effective B2B integration from within the new generation of single integration platforms, such as Microsoft BizTalk Server and IBM Websphere. As a result, enterprises are able to also benefit from features as business activity monitoring (BAM) and business process management (BPM) for their B2B integration. Covast maintains a unique position in the marketplace as the only Microsoft recommended EDI and AS2 solutions for BizTalk Server.

Key Clients

Covast has hundreds of customers worldwide including ABB, ABX Logistics, House of Fraser, Lyondell, Nortel, Corning, Citrix Systems and Siemens Energy & Automation.

Partners

Segmented by technology, system integrators, and resellers, our worldwide partners are experienced and knowledgeable experts in EAI, B2B and EDI. Partners include Microsoft, IBM, GXS, Accenture, EDS and HP.
